Successful launch of the SFP AST Swiss Real Estate investment group

The SFP Investment Foundation launched the real estate investment group SFP AST Swiss Real Estate at the end of November 2018. During the first subscription period, 28 Swiss pension funds made a total capital commitment of CHF 50.5 million.

SFP Investment Foundation (SFP AST) was established by Swiss Finance & Property AG in May 2017 and offers real estate investment groups. The focus of the new and, until further notice, open-ended SFP AST Swiss Real Estate investment group falls on core and core plus residential and commercial properties throughout Switzerland.

The subscription volume for the launch of the new investment group in November 2018 was CHF 50.5 million. We are particularly pleased about the substantial expansion of the investor base.

More details about the investment universe, investment guidelines and framework conditions can be found in the prospectus at www.sfp-ast.ch.

SFP Investment Foundation

SFP AST Global Core Property offers Swiss pension schemes a global broadly diversified portfolio of real estate funds. The different target funds invest directly in real estate according to their strategies. The first two investment groups exclusively focus on open-end, liquid real estate funds that invest conservatively. The investment is geared to pension schemes and other tax-exempt organizations with registered office in Switzerland whose object is occupational pensions. This includes all tax-exempt second pillar organizations domiciled in Switzerland. Further information www.sfp-ast.ch.
