Description

SFP AST Swiss Real Estate is an investment group of the SFP Investment Foundation that invests directly in Swiss real estate. The aim is to continually build up a portfolio that is diversified by usage and region. The investment strategy envisages a portfolio split of at least 40% residential and at least 40% commercial usage. At least 70% is invested in existing real estate and a maximum of 30% in construction projects and project development. The regional split allows for a portfolio that is broadly diversified throughout Switzerland. The focus here is on Zurich, Basel, Bern and St. Gallen as well as Western and Central Switzerland.
